

“Entrepreneurship Education is How Communities Grow Stronger”

-Will Ferreira

HOW TO SOLVE PROBLEMS AND MAKE BETTER DECISIONS

Good problem solvers know how to identify a problem by means of the circumstances that exist at that very moment. They always search for supporting information before making a good decision.

Good problem solvers recognize that problems are opportunities to make some good things happen. Problems call upon the best of our abilities, and require us to go beyond what we thought we could do.

Good problem solvers look for out-of-the-box solutions.

Good problem solvers learn more! Come to this workshop to learn with our instructor, Will Ferreira, Director of the Freshwater Coast Community Foundation-Clemson Entrepreneurship Education Alliance.
